

Visitors Information - Corona Pandemic

Date: 07.07.2020

Dear visitor,

At Kählig Antriebstechnik health and safety of the employees and visitors too have the highest priority.

For this reason we ask to you to carefully answer the questions below, to consider the guidelines regarding your upcoming visit to KAG premises, as well as to take appropriate measures, if necessary.

- 1) Have you had contact with a person who has been diagnosed with the Corona Virus within the past 14 days?
- 2) Do you suffer from possible corona virus, cold or flu symptoms?
These include: fever / cough / sore throat / muscle pain / vomiting

If you should answer one or more of the above questions with „Yes“, we ask you to refrain from visiting us and to inform your contact person at KAG.

We would also like to inform you in advance that we have to wear a mask within the KAG building. Therefore we would be very grateful if you could bring your own mouth and nose mask.

Please disinfect your hands when entering the KAG building!

Keep them at least 1.5 m away from all other people!

Furthermore, we ask you to participate in visits within the KAG with no more than two people; otherwise we cannot guarantee the distance rules in our meeting rooms.

We thank you for your help in the active containment of the pandemic and the implementation of our hygiene concept.

With my signature I confirm that I am:

- Has been informed about the safety and hygiene measures at KAG
- I will adhere to all requirements during my stay.
- None of the questions above can answer with yes
